## **ABSTRACT**

## PHARMACEUTICAL AND NUTRITIONAL COMPOSITIONS

The combined application of at least one essential fatty acid of the n-6 or n-3 series, optionally together with further essential fatty acid(s) of the n-6 or n-3 series, together with one or more homocysteine lowering agent. The homocysteine lowering agent is selected from vitamin B12, folic acid, a compound related to folic acid with similar biological activity and vitamin B6.
